## 1. MEETING SCOPE AND PURPOSE

### Introduction

The 11<sup>th</sup> CAADP PP meeting focused on practical implementation, the connections between CAADP and the results framework, the Malabo Declaration and the Africa Union (AU), and “Agenda 2063”. This was done taking into account that it was the first CAADP PP after the Malabo Declaration and designed to help shape, resolve and translate into action, results and impact.

CAADP aims to address the remaining challenges in order to consolidate and accelerate progress towards agricultural transformation in Africa. It is in light of these challenges that the AU Heads of State and Government, in their Malabo Declaration on Accelerated Agricultural Growth and Transformation, committed to:

1. Upholding the Principles and Values of the CAADP Process;
2. Enhancing investment finance in agriculture;
3. Ending Hunger in Africa by 2025;
4. Halving poverty, by 2025, through inclusive agricultural growth and transformation;
5. Boosting intra-African trade in agricultural commodities and services;
6. Enhancing resilience of livelihoods and production systems to climate variability and other related risks; and
7. Adhering to mutual accountability to actions and results.

The CAADP Results Framework was adopted and recognized as the reference yardstick to track progress and report performance towards achieving the set targets.

CAADP remains an important component of Africa’s development, its core principles and values remain a relevant. It was for this reason that African leaders recommitted to the CAADP Agenda through the Malabo Declaration which is now guiding and framing all continental undertakings in agriculture transformation for the next decade.

The 2025 vision and goals of Africa Accelerated Agricultural Growth and Transformation into concrete results and impacts is the 10-year Agriculture Implementation Plan within the broader continental vision. Agenda 2063 which was launched within the 23<sup>rd</sup> Summit in Malabo constitutes Africa’s common position towards attaining the recently adopted Sustainable Development Goals. It is in this regard that it is expected that all key actors and partners are advanced in aligning own strategies and efforts to the Result framework and broader transformation agenda.

The 12<sup>th</sup> CAADP PP will help build a shared understanding of country and regional needs and expectations to roll out the Implementation Strategy and Road Map including launching efforts to form technical partnerships to align with and support implementation. CAADP faces new implementation challenges that will require evolving partnerships, including partnerships to integrate major initiatives and flagship efforts that are now in place making contributions to the areas and targets of the Malabo Declaration.

Tapping these efforts will be critical for success in achieving results and impact. The Public Private (PP) partnership will play a key role in understanding what are the systemic, institutional and policy changes that are required to increase the efficiency, effectiveness and sustainability of development efforts. The PP will be an important milestone in helping to shape actions to advance important commitments around cross cutting issues such as gender, inclusiveness, access to finance, regional trade, entrepreneurship development and youth employment.

## The 12<sup>th</sup> CAADP PP Meeting theme and sub-themes

The 12<sup>th</sup> CAADP PP meeting will focus on innovative finance and renewed partnership but also recognizes 2016 as the “Year of Human Rights with special focus on Rights for Women”. The meeting will seek to highlight how best to speed up implementation through financial innovation and partnerships to deliver the Malabo Declaration and the Africa Union (AU) “Agenda 2063”.

### 1.1 The main theme

The 12<sup>th</sup> CAADP PP is organised around the theme “**Accelerating Implementation of CAADP through Innovative Financing and Renewed Partnership**”. The theme reflects the urgency being placed on implementation by the African Union and its members. The PP meeting will serve as an important platform to take stock of success, how best this can be replicated and how existing gaps in the continent’s capabilities to attain the goals and targets as set in the Malabo Declaration can be filled. The PP meeting will generate a number of key actionable activities that will have to be addressed by AUC and NEPAD Agency.

### 1.2 The sub-themes

The meeting has been structured to address seven (7) specific areas relevant for the acceleration of CAADP implementation through innovative finance. The sub-themes include the following:

**Sub-theme 1:** Funding the African Agricultural Investment to attain Malabo commitments

**Sub-theme 2:** Agricultural Finance Landscape and Policy Environment

**Sub-theme 3:** Inclusive Access to Finance to empower women and Youth

**Sub-theme 4:** Innovative Delivery of Financial Services

**Sub-theme 5:** Value Chain Finance

**Sub-theme 6:** Agriculture and Food Insecurity Risk Management

**Sub-theme 7:** Renewing Partnership for Accelerated Development

## 2. KEY GUIDING QUESTIONS AND EXPECTATIONS

### 2.1 Innovative finance

1. What are the main limitations to increasing access to agricultural finance and can we adopt to develop finance vehicles and instruments to accelerate the implementation of CAADP and sustainably transform African agriculture?
2. What is the African positioning vis-à-vis policy to encourage innovation and access of smallholder farmers to finance?
3. What does financial inclusion mean, imply and what is happening in Africa? What is Africa's stance on this matter in the context of accelerating CAADP implement? How do we collectively deal with the lack of it?

### 2.2 Renewed partnership

1. Looking back on the journey so far and lessons learned from first decade of CAADP, what are the lessons for our partnership structures to improve delivery for results and impact?
2. Can these platforms be used to increase private sector dialogue? How does the private sector ensure that its message is being heard at the national level?
3. In view of the road still ahead and in the face of emerging trends and challenges, how can we improve the partnership structures? Should they remain informal or is there any value addition for having more formalized structures?
4. How do we strengthen accountability for delivery and results?

### 2.3 Expected outputs

Overall, the 12<sup>th</sup> CAADP is expected deliver the following main outputs:

1. An action plan for each sub-theme to guide the AUC and the NEPAD Agency create support solutions for the countries.
2. Actions that need to be followed up by AUC and NEPAD.
3. Contribute to the design of the partnership and highlight key elements of the partnership structure.
4. An update on the Biennial Review Cycle to track performance and report progress towards achieving Malabo goals and targets.

### 3. MEETING STRUCTURE AND APPROACH

#### 3.1 Structure and approach

The aim of this meeting is to identify the capacity needs and partnerships required at all levels to implement the Malabo Declaration including its Implementation Strategy and Road Map.

Each theme will be discussed and a number of key activities necessary to improve or strengthen development under the specific sub-theme will be raised for the AUC and the NEPAD Agency to address or make available to the countries.

To allow more time for open discussions and sharing, the PP meeting will take the form of several plenary sessions that will involve a brief presentation that sets the scene followed by a facilitated panel discussions. There will also be parallel break-out sessions that will discuss in more detail each of the sub-themes and draw up an action list of what is required to support the countries to address the issues raised under the sub-theme. The solution to these key issues will serve as additional information made available by AUC and NEPAD Agency to the countries.

It is an approach aimed at ensuring that AUC and NEPAD act on the actions drawn up during the discussions and use these to feed into the country support structures and processes by AUC and NEPAD.

#### 3.2 Language

The Meeting will have Arabic, English, French, and Portuguese- simultaneous interpretation during the plenary sessions. Only French-English interpretation will be available during the parallel session.

#### 3.3 Participants

The CAADP PP is open to all interested CAADP and agriculture transformation stakeholders - These include Government political/policy and technical officials; parliamentarians; Regional Economic Communities, farmers' organizations, private sector, civil society, development partners, donor communities, etc.
