Simple yet terrifying, Anxiety simulates the experience of a panic attack for players. Anxiety is a psychological horror game experience created by Zoidberg656. In it, the player will wake up in a small bedroom. They can explore a large, dark house and have the ability to turn on lights and open doors. As the game progresses, players will experience simulated anxiety attack symptoms and an unsettling soundtrack. At the end of the experience, a note reminds players there are people who can help them overcome anxiety. The game is simple but an important way to explain mental health concerns to those who may have never experien.

What makes this game unique is that this game doesn't have a predefined way to play. Rather than creating dedicated game modes that everyone signs in to play, ROBLOX puts the tools of creation in the players' hands. This lets the players come up with whatever they want.

To encourage this community creativity, ROBLOX allows players to place microtransactions, which use the ROBUX currency, in their games. When a player buys something in a creator's game, that creator gets ROBUX added to their own account as well.

You can also earn ROBUX, but this is much more challenging. There are a few options - you can create a game or sell clothing items in a group. Creating an entire game in ROBLOX does take a lot of efforts - you will need to implement in-game purchases, which players can choose to purchase using ROBUX, and you will then earn a percentage. You can also make your game a pay to play game, charging people to play it.
