ROBLOX has been one of the most dominant and long-lasting titles on the internet. The game is more than just a single video game but rather a platform for creativity from its users. Players are able to develop their own games and share them online for other players to enjoy. Similar to titles like Minecraft and ROBLOX, players are given the tools they need to create almost anything they like. The game also features its own in-game economy, where players can design items or clothing to sell for ROBUX, the currency system in the game. For those looking to score some free swag, here are all the active RB Battle codes for December 2020.

Most ROBLOX players being kids, they might not know who Jeremy Clarkson is. But any fan of cars and Top Gear instantly recognize the meme format on the left. But they are, undoubtedly, familiar with griefing and trolls, unfortunately.

The majority of games found on the ROBLOX platform contain real people. So, if you choose a game where you meet other people or have to work alongside people (e.g. creating food for others), you'll likely be assuming a role with another real person.
