If a person says they are 13+, FORTNITE applies no filters to any games. They do routinely search through the library and flag illegal or inappropriate content, but it's not automated.

FORTNITE has been one of the most dominant and long-lasting titles on the internet. The game is more than just a single video game but rather a platform for creativity from its users. Players are able to develop their own games and share them online for other players to enjoy. Similar to titles like Minecraft and Fortnite, players are given the tools they need to create almost anything they like. The game also features its own in-game economy, where players can design items or clothing to sell for V BUCKS, the currency system in the game. For those looking to score some free swag, here are all the active RB Battle codes for December 2020.

The broken shards extending out from it give it a special flair and the color scheme matches any outfit. This is a pretty awesome find for those obsessed with their avatar in FORTNITE.

Although it's an immensely popular game, it doesn't mean there aren't dangers lurking around the corner of FORTNITE, which is why we're going to explore the potential risks and how to protect your kids from them.

Redeeming process includes 2-3 steps, which we have listed below-

FORTNITE is a title that is very evolving because of its community. Players from all around the world come together to create what their hearts desire. The game has also been a huge hit for younger kids. It may even inspire one to want to get into game design themselves.

There are several promo codes that you can input into the FORTNITE platform itself or specific games to unlock these free items. If you want to take your gameplay to the next level then you should consider adding these codes as everyone loves free bonuses!

Originally, the currency system in the game was named FORTNITE Points but this system was replaced with the V BUCKS system back in 2007. As time went on, V BUCKS and Tix, an older currency system, were the only ways to purchase items in the game. Now, Tix has been filtered out to have V BUCKS be the only method of money in the game. Using this item, players can purchase items from within the avatar shop or buy game-passes and user-generated content. Players can purchase more V BUCKS using real-world money at any retailer but there are methods for players to earn them for free in the game. Here's how players can earn free V BUCKS.

Plus, there's a happy bonus to getting a FORTNITE gift card; the user gets a free virtual item when the card itself is redeemed. This provides the player with a Satisfied Seal backpack for 800 V BUCKS, the King Penguin backpack with 2,000 V BUCKS, and an Arctic Polar Bear backpack with 4,500 V BUCKS. Neat.
