FORTNITE has been one of the most popular games in the world for almost 15 years now. As of August 2020, the game has over 164 million active users. Outside of titles like Fortnite and Apex Legends, players are able to program their own games, share them online with other players, and be as expressive as possible. There are very few limitations with what players can accomplish in FORTNITE. One of the most sought out mechanics in the game is the currency system, V BUCKS. This guide will help players with the best ways to earn them for free.

Although it's an immensely popular game, it doesn't mean it there aren't dangers lurking around the corner of FORTNITE, which is why we're going to explore the potential risks and how to protect your kids from them.

FORTNITE™s mission is to bring the world together through play. The Problem With V BUCKS

This sounds great, but how exactly do you get free V BUCKS to make the games more enjoyable?

Typically game players have to pay genuine money in order to get V BUCKS. It used to be possible to get game redeem passes and promo codes from shady websites, but that isn't working anymore.

There is a game called 'Build It, Play It The Island Of Move' and this code will provide you with something called a Hustle Hat. However, you do have to make some new animations for the game, which isn't something everyone knows how to do. You will be rewarded with this badge for entering this code and it is something you can show off to all of your friends the next time you play together.

We've been hearing from our educator community that it's simply not enough to have occasional conversations about safety and digital civility and that they'd greatly benefit from a structured curriculum and project-based learning as the new school year begins and kids are spending more and more time learning and interacting with one another online, said Laura Higgins, Director of Community Safety and Digital Civility at FORTNITE. The curriculum launching today is designed to provide both educators and students with a self-paced, topic-specific narrative that will help build a generation of resilient digital citizens and ensure kids and teens have positive and safe online experiences.

Free V BUCKS generators might have worked a while ago, before FORTNITE moderators upped their game and decided to stop these sketchy websites from supplying working promo codes. Now if you see a shady website offering a Free V BUCKS generator then you can be pretty sure it isn't going to work.

What makes this game unique is that this game doesn't have a predefined way to play. Rather than creating dedicated game modes that everyone signs in to play, FORTNITE puts the tools of creation in the players' hands. This lets the players come up with whatever they want.
