FORTNITE has recently experienced a resurgence in the mainstream, with more than 160 million active monthly users. With so many different games available, new players or returners looking for a new challenge or experience may have trouble figuring out where to begin. Some of the best FORTNITE games take players to new worlds and allow them to exercise their creativity. These games are also highly replayable, offering a new experience every time for solo players or co-ops. From management sims to murder mystery games, to a platformer similar to Nintendo 64 Mario games, here are some of the best free FORTNITE games available today.

It™s sort of like Minecraft in the way that the marketplace itself is full of user created games, that work within Minecraft, and can be purchased with MineCoins. But if you™ve not explored that part of the game, you probably are lost yourself.

The first one is where worlds are created, while the latter is where players can interact, make friends, and compete.

The majority of games found on the FORTNITE platform contain real people. So, if you choose a game where you meet other people or have to work alongside people (e.g. creating food for others), you'll likely be assuming a role with another real person.

What makes this game unique is that this game doesn™t have a predefined way to play. Rather than creating dedicated game modes that everyone signs in to play, FORTNITE puts the tools of creation in the players™ hands. This lets the players come up with whatever they want.

Upon redemption of the card, the recipient should receive their free item (which one they get will depend on how big the card's value was). And there you have it - it's as easy as that.

There are several promo codes that you can input into the FORTNITE platform itself or specific games to unlock these free items. If you want to take your gameplay to the next level then you should consider adding these codes as everyone loves free bonuses!
