### Agenda 2063

Botswana is among 31 African countries to have shared their first national progress report on Agenda 2063's first Ten-Year Implementation Plan. The first-ever continental report assesses progress made at the national, regional and continental levels towards achieving Africa's developmental goals. The report was launched at the 2020 January AU Summit by President of Côte d'Ivoire, Alassane Ouattara.

### Agriculture System Improvement

- » Enhancing the development and implementation of National Agriculture and Investment Plans (NAIPS) to fast-track modernisation and productivity of Agriculture.
- » Enabled seven countries, including Botswana, to undertake a country scoping analysis and held country-level stakeholders dialogues to develop and implement NAIPs.
- » Implementation support of NAIPs was provided to Botswana

### Elaborating Scope and Baseline

- » A detailed appraisal of national and regional industrialisation policies and plans.
- » 33 national and four regional industrialisation policies/plans in COMESA, SADC, EAC and ECOWAS were appraised.

### Eradication of TB and prevention of occupational lung diseases in vulnerable population

A total of 11 occupational health service centres providing TB screening and diagnosis services, HIV testing; silicosis screening and diagnosis; and links of ex-mine workers to compensation funds are now operational in eight countries, one of which is in Botswana.

### Food Safety and Quality Management

- » Strengthening institutional capacities for the development and implementation of effective food safety control systems.
- » To integrate nutrition and food safety in the CAADP national agriculture invest plans (NAIPs), initial technical support was provided to four countries, one of which was Botswana.
- » Guidelines for cross-border harmonisation of food safety standards and regulations were developed for Botswana.

### Home Grown School Feeding

- » Fight against malnutrition in schools through community-driven nutrition driven food supply.
- » 15 countries, including Botswana, are implementing the Home-Grown School Feeding Programme.
- » Implemented and trained three countries, including Botswana, on the use of School Meal Planners (SMP) to ensure nutritious and healthy school meals.

### Inclusion of indigenous food in Africa's nutritious food basket

A knowledge compendium of integrated best practices and approaches for inclusion of indigenous food in Africa's nutritious food basket was developed from 12 countries, including Botswana.

### Skills Initiative for Africa (SIFA)

- » Empowerment and skills development for youth.
- » In Botswana capacity was strengthened to support the development of a school feeding policy to enhance the school feeding procurement and supply chain for agricultural produce which impacts more than 5,300 farmers.

### Strengthening African Medical Health Regulation

- » Domestication of AU Model Law on Medical Products.
- » 28 countries, including Botswana, are at different stages towards domesticating the AU Model Law on Medical Products.

### Move Africa

- » Addressing challenges pertaining to transboundary trade and logistical challenges.
- » Focus was placed on creating synergies between RECs in the roll-out of the Traffic Light System (TLS), which is a benchmarking tool to measure performance of joint and one-stop border posts. To-date, the TLS has been rolled out in select countries in SADC, specifically Botswana.

### Policy and regulatory frameworks for Programme for Infrastructure Development in Africa (PIDA) projects

- » Fast-tracking Regional Integration and Trade.
- » 21 countries, including Botswana, were trained on water governance and international law with regards to transboundary waters in Africa.

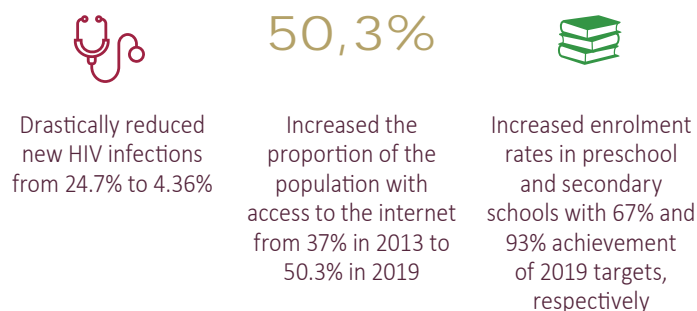

# Botswana on Implementation of Agenda 2063

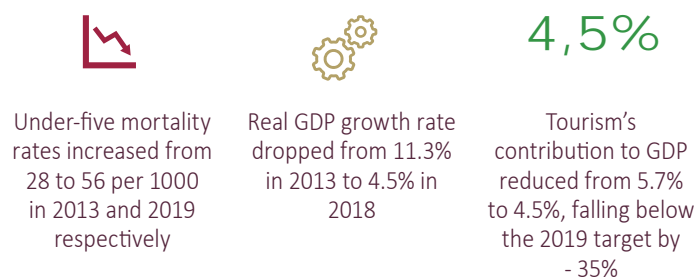

## Performance Assessment

### Areas where significant progress has been made

### Areas where progress has been slow

### Areas of Support to Accelerate implementation of Agenda 2063

- Strengthening the statistics, monitoring and evaluation systems;
- Promoting Science, Technology and Innovations;
- Enhancing manufacturing and industrialization;
- Strengthening sustainable growth and economic diversification;
- Reducing maternal and under-five mortality rates;
- Strengthening the contribution of tourism in the national GDP.

### Performance on Goals

A High Standard of Living, Quality of Life and Well Being for All	100%
Well Educated Citizens and Skills revolution underpinned by Science, Technology and Innovation	47%
Healthy and Well-Nourished Citizens	14%
Transformed Economies and Job Creation	0%
Modern Agriculture for increased productivity	0%
Blue/ ocean economy for accelerated econ. growth	0%
Environmentally sustainable climate resilient economies and communities	54%
