## ESWATINI

Lobamba (royal & legislative)

6 September 1968

Lilangeni (SZL)

### African Biosafety Network of Expertise

- » Establishment and strengthening of biosafety and security systems in 17 countries, including Eswatini.
- » A study tour to Bt cotton farms to sensitise members of parliament was undertaken.

### African Science, Technology and Innovation Indicators Initiative (ASTII)

A methodology for assessing the impact of innovations was developed which identified drivers of innovation in the various sub-sectors of the Eswatini economy.

### Agenda 2063

Eswatini is among 31 African countries to have shared their first national progress report on Agenda 2063's first Ten-Year Implementation Plan. The first-ever continental report assesses progress made at the national, regional and continental levels towards achieving Africa's developmental goals. The report was launched at the 2020 January AU Summit by President of Côte d'Ivoire, Alassane Ouattara.

### Grow Africa

- » Boosting private sector participation in Africa's agricultural transformation.
- » Companies from Grow Africa's Investment Pipeline signed Term Sheets with the governments a number of AU Member States, including Eswatini. This led to a connection with value chain partners (producers, processors, policy makers and supply chain financiers). The investments range from dairy, horticulture and cocoa to macadamia, and will create an estimated 3,000 jobs and integrate over 1,000 farmers into commercial value chains over the next five years.

### Agriculture System Improvement

- » Enhancing the development and implementation of National Agriculture and Investment Plans (NAIPS) to fast track modernisation and productivity of Agriculture.
- » Enabled seven countries, including Eswatini, to undertake a country scoping analysis and held country-level stakeholders dialogues to develop and implement NAIPs.
- » Implementation support of NAIPs was provided to Eswatini.

### Renewable Energy

High-impact micro-grid projects in 11 countries, including Eswatini, were identified where energy accessibility is the lowest.

### Sustainable Land Management

26 Countries, including Eswatini, pledged to restore 125 million hectares to reduce land degradation and desertification; create sustainable jobs; and improve food security and resilient communities.

### Elaborating Scope and Baseline

- » A detailed appraisal of national and regional industrialisation policies and plans.
- » 33 national and four regional industrialisation policies/plans in COMESA, SADC, EAC and ECOWAS (including Eswatini) were appraised. The report will be launched in 2020.

### Eradication of TB and prevention of occupational lung diseases in vulnerable population

- » A total of 11 occupational health service centres providing TB screening and diagnosis services, HIV testing; silicosis screening and diagnosis; and links of ex-mine workers to compensation funds are now operational in eight countries, one of which is in Eswatini.
- » Cross-border disease surveillance zones (e.g. on cholera, foot and mouth disease, leptospirosis and rabies suspected outbreak) were established to support surveillance along the shared borders of a Southern African countries, including Eswatini.

### Gender

- » Empowerment of African women.
- » Modernised business incubators for women in six countries, including Eswatini.

### Home Grown School Feeding

- » Fight against malnutrition in schools through community-driven nutrition driven food supply.
- » 15 countries, including Eswatini, are implementing the Home-Grown School Feeding Programme.

### Inclusion of indigenous food in Africa's nutritious food basket

A knowledge compendium of integrated best practices and approaches for inclusion of indigenous food in Africa's nutritious food basket was developed from 12 countries, including Eswatini.

### Strengthening Africa Medical Health Regulation

- » Domestication of AU Model Law on Medical Products to improve access to safe and high quality medicines.
- » 28 countries, including Eswatini, are at different stages towards domesticating the AU Model Law on Medical Products.

# Eswatini on Implementation of Agenda 2063

## Performance Assessment

### Areas where significant progress has been made

### Areas where progress has been slow

### Areas of Support to Accelerate implementation of Agenda 2063

- Increasing investments in research and innovation to accelerate economic growth and diversification.
- Address high levels of Maternal Mortality Rate and Under-five mortality rates which stood at 474 per 100,000 live births and 70 per 1000 live births, respectively.
- Strengthening statistics, data management, monitoring, evaluation and reporting systems

### Performance on Goals
