## Agenda 2063

Niger is among 31 African countries to have shared their first national progress report on Agenda 2063's first Ten-Year Implementation Plan. The first-ever continental report assesses progress made at the national, regional and continental levels towards achieving Africa's developmental goals. The report was launched at the 2020 January AU Summit by President of Côte d'Ivoire, Alassane Ouattara.

## Integrated Vector Management

- » Curbing vector-borne diseases such as malaria and dengue fever.
- » Developed harmonised guidelines and other regulatory tools for regional collaboration among Member States in West Africa to regulate vector control. The efforts resulted in assisted- and joint evaluations of vector control tools.

## Elaborating Scope and Baseline

33 national and four regional industrialisation policies/plans in COMESA, SADC, EAC and ECOWAS were appraised. The report will be launched in 2020.

## Job creation toolkit for infrastructure projects

The PIDA job creation toolkit was launched. The toolkit estimates, amongst others, direct, indirect and induced jobs in job years during the preparation, construction and O&M phase.

## Vocational and Entrepreneurship

- » Training for women and youth employment.
- » Supported the integration and alignment of technical and vocational education and training (TVET) into national qualification frameworks in 15 countries, including Niger.
- » Strengthened capacities of 12 CAADP ATVET countries, one of which is Niger.
- » A toolkit on "Private Sector Engagement in ATVET" was developed.

## Skills Initiative for Africa (SIFA)

- » Empowerment and skills development for youth.
- » National action plans for rural youth employment and entrepreneurship were developed and validated in Niger.

## Strengthening African Medical Health Regulation

- » Domestication of AU Model Law on Medical Products.
- » 28 countries, including Niger, are at different stages towards domesticating the AU Model Law on Medical Products.
- » 14 Member States are implementing the Model Law.

## Climate Change Responses

The Gender Climate and Agriculture nexus project was implemented in five initial countries, including Niger, which resulted in the mainstreaming of climate-smart agriculture practices and the development of CSA infrastructure.

## Post-Harvest Management and Resilience Building

Niger received technical and financial support to develop resilient and inclusive infrastructure projects on reducing post-harvest loss and building resilience to mitigate and adapt to climate shocks.

## Renewable Energy

- » To increase deployment of renewable energy technologies, especially mini-grid solutions to accelerate universal energy access while increasing productive capacity, resilience building and human wellbeing.
- » High-impact micro-grid projects in 11 countries, including Niger, were identified where energy accessibility is the lowest.

# Niger on Implementation of Agenda 2063

## Performance Assessment

### Areas where significant progress has been made

### Areas where progress has been slow

### Areas of Support to Accelerate implementation of Agenda 2063

- Increasing the proportion of total tax revenue in the national GDP
- Strengthening the fisheries sector
- Reducing maternal and under-five mortality rates
- Curbing down the incidence of TB and malaria
- Increasing enrolment rates at pre-school, primary and secondary school levels
- Strengthening statistics, data management, monitoring, evaluation and reporting systems.

### Performance on Goals

A High Standard of Living, Quality of Life and Well Being for All	85%
Well Educated Citizens and Skills revolution underpinned by Science, Technology and Innovation	16%
Healthy and Well-Nourished Citizens	0%
Transformed Economies and Job Creation	25%
Modern Agriculture for increased productivity	0%
Blue/ ocean economy for accelerated econ. growth	0%
Environmentally sustainable climate resilient economies and communities	100%
