

Green jobs for a better future.

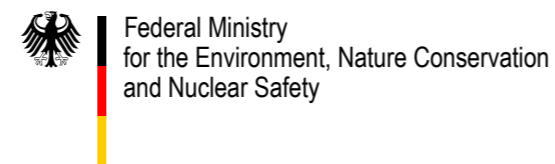

VIRTUAL SOUTH AFRICA
GREEN JOBS DIALOGUE SERIES

April 15th to June 10th

Organized by:

On behalf of:

of the Federal Republic of Germany

THE FUTURE IS GREEN.

SOUTH AFRICA IS MAKING GREAT STRIDES TOWARDS A LOW-CARBON TRANSITION.

There could be an increasing number of opportunities for young people in the green economy.

This virtual dialogue series explores avenues for creating employment opportunities for young people during South Africa's recovery from the Covid-19 crisis. Are you excited about the green economy? Do you have ideas and experiences to share? **Join this virtual green jobs dialogue series!**

Programme

APR - JUN 2021

decision-
makers.**

WEBINAR 1

Thursday April 15th

14:00 – 16:00 SAST

SETTING THE SCENE ON JOBS IN THE GREEN ECONOMY

Learn about the latest national, provincial and local **green jobs initiatives in South Africa**, including a wealth of innovative private sector opportunities. Engage in a discussion on the policy environment for green jobs in the country, with special focus on **youth unemployment** in the context of a **'just transition'** and a **post-COVID-19 recovery**.

WEBINAR 2

Thursday April 29th

14:00 – 16:00 SAST

BUILDING GREEN SKILLS FOR GREEN JOBS

Explore and discuss South Africa's road map for **building green skills**.

Taking promising existing initiatives as the starting point, this session will define implementable actions to provide young people with the skills they need to work in the green economy, bearing in mind the role of technology and the 4th industrial revolution.

WEBINAR 3

Thursday May 13th
14:00 – 16:00 SAST

GREENING JOBS IN SELECTED SECTORS

Is the green transformation of the economy already taking place? What is happening in different sectors? Zoom in on green jobs opportunities in the **agriculture and eco-tourism sectors**.

Discuss what more needs to be done in these sectors to ensure a green, inclusive and job-rich recovery from the Covid-19 crisis.

WEBINAR 4

Thursday May 27th

14:00 – 16:00 SAST

CO-CREATING SOLUTIONS FOR GREEN JOBS

Discover the challenges and opportunities that young people experience in the green economy.

On the 26th of May, a selective group of young entrepreneurs and influencers will **co-create solutions** to overcome challenges that young people encounter in developing projects and enterprises in the green economy. Their proposals will be presented in the high-level political panel on Thursday 10 June.

WEBINAR 5

Thursday June 10th
14:00 – 16:00 SAST

ENGAGING WITH HIGH-LEVEL DECISION MAKERS

The final webinar is an opportunity to listen to and engage with high-level policy makers **on their proposals for job creation in the green economy.**

Be prepared for the changes that are coming and ready to engage in the next steps.
