<Visiting Companies>

Anbesa Shoe Factory (Group 1)

Anbesa Shoe Factory is one of the largest leather product manufacturers in Ethiopia, mainly producing leather shoes, bags, and belts. It is located in Akakai Kaliti Sub City, Addis Ababa (approximately 16 km from the hotel). It has a capital of 12 million USD and creates job opportunities for 1316 employees (825 female and 491 male).

Its establishment dates back to 1935 but has passed through different stages, and the current factory line was formed in 2015. The factory has maintained Kaizen activities since 2019 and got very remarkable results in various indicators. Kaizen implementation in the factory started with basic Kaizen activities and advanced from time to time. It is one of the recommended factories for the visit program to share experiences about how Kaizen is practiced in such a labor-intensive industry.

Horizon Addis Tyre Manufacturing (Group 2)

Horizon Addis Tyre Manufacturing is the only tire manufacturer in Ethiopia, established in 1972 and located in Nefas Silk Sub City, Addis Ababa (approximately 10 km from the hotel). It manufactures different types of tires and has a 28–30% local market share. The current capital is 20,056,464.5 USD, and it has created jobs for 833 workers.

The company is one of the leading factories in implementing Kaizen and has achieved tremendous results. Kaizen introduction in the factory started in 2017/2018 with the application of basic Kaizen. Through time and the actual scenario, the company is able to progress and achieve results by integrating Kaizen with their strategic objectives. In this aspect, the factory was one of the winners of the African Kaizen Award in 2021.
