

CALL FOR GAME-CHANGERS TO BUILD AFRICA'S FUTURE OF FOOD

In all parts of the world, significant efforts are under way to transform global food systems and redesign the future of food in the lead-up to the Food System Summit hosted by the UN in September 2021. The Summit will be a turning point to deliver on the global Sustainable Development Goals (SDGs) and Africa's Agenda 2063.

In this regard, the African Union Development Agency is facilitating the coordination of African dialogues to discuss national food systems and galvanise game-changing solutions towards a continental roadmap on African Food Systems.

Get involved

We're seeking game changers to share ideas, innovations and solutions that have the potential to realise more inclusive, sustainable, healthy and nutritious food systems.

To participate, please complete the short form below.

Name and Surname:
